SPONSORSHIPS & SUPPORT

We are very grateful to the many Sponsors and Partners who have again confirmed their support. We are continuing to seek support at the Bronze level with plans to provide support to the new U18 boy's and girl's Sevens program. Please see our Face Book page or email: roxanne.butler@nf.sympatico.ca for your sponsorship package.

DEVELOPING OUR YOUTH AND EXPANDING OUR PROGRAMS

Newfoundland Rugby has been running very successful Fall and Spring High School Rugby programs and a number of our clubs boast great interest and increased numbers in the mini rugby/youth programs.

Newfoundland sent a girl's and boy's U18 team to the first Rugby Canada U18 National 7s Championships in British Columbia in April 2016. We are expanding the GSF7s divisions in hopes of providing these young athletes with additional competition experience.

D K 4 LIFE

As with most things Rugby, Danny King's unique style of team-bonding, jersey designs and enjoyment were a huge part of the first GSF7s success. We lost Danny earlier this year and though he is missed, he can be found in so many areas he touched including where his team took the Men's Division Cup.

We would like to honor Danny with a "Player of the Tournament" award that will go to someone who has demonstrated some of Danny's

special attributes including exceptional dedication to sports, coaching, encouraging & being a role-model for Youth, personal dedication leading to excelling in the sport, volunteering support and inclusion – no one made you feel as welcome as Danny could.
